CAREER OBJECTIVES

As a passionate and detail-oriented aspiring Data Analyst with a solid foundation in computer engineering and programming, I am eager to apply analytical thinking, data visualization, and problem-solving skills to real-world business challenges. Having completed a Diploma in Computer Engineering and currently pursuing a B.E. (D TO D) in the 7th semester, along with specialized training in Data Analytics from Tops Technologies, I aim to leverage my technical knowledge and growing expertise in Python, SQL, Excel, and Power BI to deliver meaningful insights and support data-driven decision-making in a dynamic organization.
